# Volunteer!

Bonspiel and special event chairs,

I would personally like to thank all of you for running outstanding events this past season. Without volunteers like you the club would not be able to function. I know being chair is sometimes a thankless job and you all do a wonderful job of planning and executing your events. The board and I appreciate all your efforts and you make the DCC shine!

I have stepped off the board again and Elizabeth Demers is taking over my position.

Let her know in the next couple weeks if you are onboard with running your event/events again next year. You can reach her at [volunteers@detroitcurling.com](mailto:volunteers@detroitcurling.com)

Enjoy the Summer & Cheers!

Good Curling,  
Maryanne Wessels  
Former DCC, VP, Chair of BSE & V

## Cannon's Curlers for a Cure

The 4th annual Cannon's Curlers for a Cure event was a TREMENDOUS success! On June 15th, 43 DCC members, friends & family gathered at the Detroit Zoo to participate in the Michigan Men's Health Foundation Run the Ribbon event. The sun was shining, and the weather was perfect again. This year we raised \$2,625, our biggest single year amount yet! For the 4th year in a row, we won the award for the Top Fundraising Team and this year DCC's Brian Whitehead won the Top Individual Fundraiser. At the Champagne Spiel for the last few years, Brian has raised money for his Make-A-Wish annual Bike Ride with a dollar-for-dollar match to the Cannon's Curlers for a Cure. We cannot thank Brian enough for his generous support!

To date, Cannon's Curlers for a Cure has raised \$8,237 for the Michigan Men's Health Foundation. The Foundation is dedicated to men's health advocacy and awareness, education, research, and treatment of prostate cancer and men's health related issues. Their goal is to enhance men's health engagement and encourage men to have healthy conversations with their families sooner to begin a generational legacy toward healthier lives. The money raised at the Run the Ribbon event helps support their annual Men's Health Event which provides free health screenings to local men.

## Cannon's Curlers continued...

The Foundation is very appreciative of the support of the DCC. Both the President and Executive Director of the Foundation have expressed their sincere appreciation to all the work the DCC is doing to raise awareness for the Foundation. You may also have seen DCC's Diana Jankowski and Gordy Loud interviewed by Fox2 early that morning or photos of DCC members crossing the finish line on the Foundation's social media sites.

Mark your calendars for Father's Day morning of 2026 to join us again to continue to support a cause that was so near and dear to Pat Cannon and to continue to celebrate his life. Pat was a fine curler but really lit up the arena with his smile, his laugh, and his quick-witted comments. His presence at the club is missed tremendously but his spirit is kept alive by those of us who knew him. We know he was smiling down on all of us on what we like to call "Pat's Day"!

## Memorial Day Parade

The Detroit Curling was honored to walk in the 107th Ferndale Memorial Day Parade. Remembering those who have served on Memorial Day!

## The Ladies Draw First Ink

Regular publication of English language newspapers started around the beginning of the 18th Century. In America, the Boston News-Letter published its first issue on April 24, 1704. The Ipswich Journal (Ipswich, England) began weekly publications in 1720.

Our interest in The Ipswich Journal is the issue published on Saturday, February 23, 1740. On page 2 (of 4) is an article about things happening in Scotland. The last paragraph reads:

This paragraph is recognized as the very first article about the sport of curling to be published in a newspaper. Surprise then, that it is about Ladies curling! Apparently, previous writers did not find men's curling to be of any great significance.

We can learn a lot from this little article by "reading between the lines". First, we are not sure why the author considered this a "famous match", since the article implies that the "more experienced Wives" had been curling for some time. The Water of Skarr is a small river - today it is called Scour Water. The Parish of Tinron (today it is spelled Tynron) is located very near the river. This match took place in Nithsdale, which is a section of the county of Dumfries in south central Scotland.

A famous Curling Match was lately play'd on the Water of Skarr in Nithsdale, between the married Wives and the young Girls of the Parish of Tinron ; the Maids shew'd a good deal of Dexterity in handling the Stones, and will, no doubt, be very expert in Time ; but they were defeated by the more experienced Wives, after a Trial of a great many Hours.

Ladies curling could not have been too rare since the match lasted "a great many Hours", which would imply experience handling the stones and the weather. The comment that "the Maids shew'd a good deal of Dexterity ...and will, no doubt, be very expert in Time" would indicate that many curling matches would be available for these lassies to play in the future.

We should also note that no description of the game is given. This seems to indicate that the readership in southeast England would have been aware of the sport and how the game was played. We can only speculate on how this match was played. There were probably eight to ten people per side, with each player delivering one stone. They would play to an agreed upon time or number of points.

Meanwhile: In 1740 America was fully under British control - King George II was on the throne. American pioneers had not crossed the Mississippi River. The Rocky Mountains had just been sighted by French explorers Pierre and Paul Mallet. In 1701 Antoine de la Mothe Cadillac founded a settlement called Fort Pontchartrain du Detroit. In 1740, Detroit & population was about one hundred artisans, about five hundred braves, about 1,500 family members of the braves, and 17 soldiers. Lewis & Clark did not set off for the West until 1804! It is hard to imagine our American pioneers in 1740 finding the time to curl or participate in any organized sport. Clearing the land; planting crops and building shelters were chores which took up most of their daily lives.

Pure dead brilliant,  
Angus MacTavish

PS – Always looking for ideas for new articles...
